

SRM INDUSTRIES INC.

The Toughest Hose Protection Products on the Planet...Period!

RHINO SHIELD™ BLOW OUT PROTECTIVE COVER

RHINO SHIELD™ BLOW OUT PROTECTOR

Applications: **RHINO SHIELD™** is designed to retain the burst pressure of a blown concrete elbow on the pumper line. This is a “must have” safety product for all jobsites.

Material: Industrial grade ballistic nylon and reinforced with heavy duty hook and loop nylon straps.

RHINO SHIELD™ handles 1100 PSI concrete burst equalling over 3,800 PSI in hydraulic pressure caused by a casting failure.

Manufactured in the USA for SRM Industries Inc.
